BUSINESS & INVESTMENTS
GREAT CROP OF DOLLARS
BEING REAPED EACH YEAR
FROM TOURIST BUSINESS
By J. HERBERT HODGINS

AT THE end of the year, many people are looking for ways to make money. One of the best ways to make money is by investing in the stock market. The stock market is a great place to make money, but it can be very risky. If you are looking for a way to make money that is not too risky, you should consider investing in the stock market. The stock market is a great place to make money, but it can be very risky. If you are looking for a way to make money that is not too risky, you should consider investing in the stock market.

and the considerable expense that must be paid for the stock market. The stock market is a great place to make money, but it can be very risky. If you are looking for a way to make money that is not too risky, you should consider investing in the stock market. The stock market is a great place to make money, but it can be very risky. If you are looking for a way to make money that is not too risky, you should consider investing in the stock market.

When you invest in the stock market, you are investing in the future. The stock market is a great place to make money, but it can be very risky. Overland Six Coach

Challenges Comparison!

SIDE by side with any Six within several hundred dollars of its price, this big, roomy, extra-powerful Overland Six Coach will win your enthusiastic approval. Open its big doors and note the wide seats and spacious interior, made possible by the extra-long wheel base. The luxurious interior upholstery is but an indication of the superb quality which prevails throughout. In beauty of two-tone color effect... in lustrous finish... in body lines... in equipment... between this and other cars in its price class there is no possible comparison. In performance it will out-pull, out-run, out-accelerate any car in its class you want to test against it.

Take a ride in the Overland Six Coach just once... drive it yourself... and you will understand why it has won over 65,000 sagaciously satisfied owners in its first year.

At its remarkably low price of \$1,285, f.o.b. factory, taxes extra, this car stands absolutely alone among all popular priced Sixes.

Write today for fully descriptive, immediately illustrated literature.

A Whole City Building Goodyear Tires

AN AIRPLANE VIEW OF THE GOODYEAR PLANT AT NEW YORK

THE men who build Goodyear Tires in Canada, with their families, would form a thriving city. A city equal in size to Charlottetown, P.E.I.; Lachine, Que.; Galt, Ont.; St. Boniface, Man., or New Westminster, B.C. And a city devoted entirely to building Goodyear Tires.

It is one of the largest and busiest industrial communities in Canada. And it is big and busy solely because of the demand for Goodyear Tires—a demand based on years of leadership in quality, value and sales.

The kind of Goodyear Tires which have built world-wide leadership are available for you from your nearest Goodyear Selected Dealer.

Goodyear means Good Wear

GOODYEAR
 MADE IN CANADA

Where
Firestone
Gum-Dipped
Tires
are made

"We would like to have you see how we Gum-Dip our Cords"

We wonder how many car owners actually know that the greatest enemy to tire life is heat, which is created by internal friction. Heat not only weakens the fabric, but also softens the rubber and causes blowouts and tire failures.

The earlier type of tire—the fabric—was of a tightly-woven construction that was extremely difficult to insulate with rubber.

The cord tire—a later development permitted much greater insulation of the cords because of its more open construction. This materially reduced friction and internal heat and doubled the tire mileage.

Firestone chemists and engineers felt that if they could find a way to insulate and impregnate every fiber of every cord with rubber, they could further increase the life and mileage giving qualities of the cord tire, and such a method was found which we have called "Gum-Dipping."

We would like to have every car owner see how we carry out this extra

process in our special Gum-Dipping plants, and see the Gum-Dipped cords before they are sent to the tire factories for the usual process of calendering.

You would then understand why Gum-Dipped Cords have won all of the important national races during the past five years and established such remarkable records for speed. In fact, experienced race drivers insist on equipping their cars with Gum-Dipped Cords as a matter of personal safety and to increase their chances of winning.

In commercial use—on taxicabs, buses and trucks—where mileage and dependability are vital factors, you will find that these fleet owners—because of the useful cost records they keep—are among the largest users of Gum-Dipped Cords.

Firestone dealers—familiar with Gum-Dipping and its advantages—will gladly explain to you how thousands of extra miles are built into Firestone tires by our exclusive method.

FIRESTONE BUILDS THE ONLY GUM-DIPPED CORD

Old Dutch assures

Healthful Cleanliness

and bright sparkling aluminum

It is so easy to keep your aluminum spick and span, and sparkling with *Healthful Cleanliness*. Simply clean it with Old Dutch each time it is used.

The distinctive quality and character of Old Dutch make it ideal for cleaning aluminum. It doesn't scratch; its particles are flat shaped and easily erase every vestige of grease, dirt and odors. Old Dutch takes away all the invisible impurities too, and leaves the surface smooth, sanitary and hygienic—a true state of *Healthful Cleanliness*.

Avoid this mistake—never use gritty, scratchy cleaners—they destroy the smooth finish and make scratches on the surface, which are not only lodging places for dirt and impurities, but also cause food to readily stick to the pan.

Old Dutch is your assurance of safety and *Healthful Cleanliness*. Saves time, work and expense. There's nothing else like it.

The manufacturers of "Wear-Ever," "Mirro," "Viko," "Aluminex," "Wagner" and "Lifetime" aluminum ware recommend Old Dutch Cleanser for cleaning their utensils.
